

Tension clip

DESCRIPTION:

Our tension clip is a new solution that **replaces a nut or a clip to fasten panels or components**.
 It is possible to **pre-assemble** the solution, which offers a **tensioned assembly, just by pushing, without screwing**.
 The tension clip can also be **removed by hand, without tools**. It can then be **reused**, facilitating maintenance and after-sales service.

ADVANTAGES:

- Ergonomic clip
- Blind assembly
- Assembly force < 5 daN
- No screwdriver
- Extraction force > 50 daN
- Assembly Tension: 5 daN
- Reduce assembly time

USE:

1. Initial position
2. Pre-assembly
3. Assembly with tensioning by pushing
4. Disassembly by unscrewing

TECHNICAL INFORMATION:

Part number	Material	Screw	Length	Width	Insertion force	Extraction force	Assembly tension	Color
TEN001	Steel + plastic	M6	35.60	23.30	< 5 daN	> 50 daN	5 daN	BLACK
